Recent progress in charmless hadronic B decays

Jim Smith
University of Colorado

Presented at the 1997 Heavy Flavor Symposium
U.C. Santa Barbara, July, 9, 1997

Outline

- Introduction
- $B \to K\pi$ and $B \to \pi\pi$
- $B^{\pm} \to \omega K^{\pm}$ and $B^{\pm} \to \omega \pi^{\pm}$
- $B^{\pm} \to \eta' K^{\pm}$ and $B^{\pm} \to \eta' \pi^{\pm}$
- Limits are interesting too
- Summary and future prospects
